- **Web Development**
- **App Development**

CERTIFICATES

- **Introduction to HTML**
- **Introduction to CSS**
- **Introduction to JS**
- **Internship Completion**
- **Training Certificate**
- **Internship Completion**

COURSES

- **Mobile Applications Development（NAVTTC）**

INTERESTS

- **Studying**
- **Programming**

☐ ECOMMERCE WEBSITE

https://khurramclothing.netlify.app/

- Developed a sleek clothing website using React.js and Bootstrap with seamless navigation and user-friendly functionalities.
- Implemented features like discount sections, product filtering, trending clothes, and a secure login page to enhance user engagement and satisfaction
- Designed interactive product pages with responsive layouts, showcasing popular trends and enhancing the browsing experience.

☐ ANDROID CALCULATOR

https://github.com/Talha12Shiekh/CALCULATOR

- Developed a feature-rich calculator app using React Native for complex arithmetic calculations, with history viewing, restoring, and deletion.
- Designed an Android-like UI with a clickable clock icon and sidebar for convenient access to calculation history, enhancing usability.
- Integrated advanced features like symbol highlighting, ensuring a smooth and intuitive user experience during complex calculations.

☐ AI TOOLS HUB

https://tk-aitools.netlify.app/

- Developed a platform that showcases various AI tools, enabling users to generate images, videos, and icons effortlessly.
- Integrated features for users to download processed outputs, enhancing the overall functionality of the website.
- Designed an intuitive and responsive interface, allowing users to easily navigate and access different AI tools

☐ PERSONAL PORTFOLIO

https://talha-khurram.netlify.app/

- Developed an interactive portfolio using React.js and Material UI, with smooth navigation and engaging animations throughout.
- Showcased multiple sections like Skills, Experience, Projects, Certifications, and more, offering dynamic previews and design.
- Uploaded images of projects, live previews, certifications, and offer letters, providing a comprehensive view of my work .
